## VILLA DESCRIPTION

### VILLA 521 IN SYDNEY BEACHES, NEW SOUTH WALES, AUSTRALIA

Absolutely Fabulous Pittwaterfront house with separate quarters accomodating 4 additional staff makes this property ideal for those wanting to make the most of what Palm Beach has to offer.

With a kitchen to rival the top restuarants in the world and an entertaining area with one of the most beautiful back drops imaginable.

Incredibly child friendly with expansive flat lawns down to the waters edge, a mooring to keep the boat and the privacy that one wants for a beach house.

Palm Beach is 35 km north of the Sydney CBD and the Eastern Suburbs. The area is well populated, with a wide variety of houses on offer (from glorified holiday cottages to veritable mansions) nestled amongst the bushy slopes that rise steeply from the ocean side of the peninsula.
