VILLA DESCRIPTION

VILLA 309 IN ULUWATU, BALI

As you arrive at the entrance to the estate nothing will prepare you for the stunning view. As the gate draws back you will be greeted to a spectacular vista of the Indian Ocean and the glistening sea water sparkling below. Villa 309 is nestled on a cliff top 90 metres above the pristine Kutuh Beach. The azure waters of the beach below are the playground of dolphins and migrating whales. The villa

commands an easterly aspect, ensuring glorious uninterrupted sunrise views and magical sunsets.

Unlike many villas in Bali, it has a unique contemporary design and comprises three light and airy pavilions - a master sleeping pavilion, a living pavilion and a guest pavilion. There are a total of 5 bedrooms in this architecturally stunning villa, making it an ideal retreat for families. Every detail in the villa has been carefully thought out and the atmosphere is one of complete peace, tranquility and privacy. Guests staying have access to one of the most idyllic private beach clubs on the island, which has its own plunge pool and overlooks the reef.

The experienced villa manager and his team of staff will do their utmost to ensure your stay is total luxury. The villa can sleep up to eight adults and two children very comfortably. All bedrooms have luxury beds and bedding which provide a perfect night's sleep after a day spent either relaxing around the 21 metre infinity swimming pool or recovering from a burst of retail therapy, of which there is a lot to choose from.

Bedrooms

The master sleeping pavilion comprises two bedrooms, a large bathroom with double washbasins, a shower and toilet, an outdoor bathing pavilion and a massage room. The guest sleeping pavilion comprises three spacious bedrooms all with ensuite bathrooms and one with an open-air outdoor shower area where you can bathe under the stars on warm balmy evenings. From the beds in the master and the guest master bedrooms you can enjoy some of the best views Bali has to offer. When the tide is in the waves crash against the shoreline below and you can almost feel the excitement of the ocean. When the tide is out you can see the local seaweed farmers going about their daily chores of collecting seaweed.

Living Room

The airy and spacious living pavilion is located in the centre of the villa. At the west end of the living pavilion is a large Chinese-style dining table that seats 10 guests. At the east end is an area to simply relax and read a book or enjoy watching a movie or listening to a range of classical, jazz or pop music being played on a Bose Lifestyle system. A powder room is located off the main living pavilion and there is an outdoor shower by the swimming pool.

Dining

A chef and his team are on hand to prepare a delicious array of local, international and Asian dishes. The only decision to make is what to choose from the mouthwatering menus. There is a menu for children and the chef can happily prepare anything you want if there is a special request, but do give us notice. Complimentary a la carte breakfast is served daily, either in the living pavilion or poolside. The children may like to enjoy their breakfast at the breakfast bar and watch the chef in action. Lunches can be served indoors or outside by the pool. It's lovely to enjoy dinner under the stars.

Location

The Villa is 30 minutes from the airport, on the southern tip of this magical island in a region known as the Bukit Peninsula, an area that boasts some of Bali's most glamorous villas, private estates and internationally-branded boutique hotels. The famous Uluwatu Temple, one of Bali's finest is a ten minute car drive away.

Included in the rate

- Chauffeur-driven airport transfers in a new seven-seater vehicle
- Welcome drinks (fresh fruit juice/beer)
- A chef and his team to prepare all meals and snacks
