## VILLA DESCRIPTION

### VILLA 438 IN BO PHUT, KOH SAMUI, THAILAND

Ideally situated only 5 minutes away from Chaweng and 10 minutes from Maenam, the Villa offers stunning views over the bay of Bophut and the neighboring island of Koh Phangan.

Enter the villa through the car port area (with automatic gate) or the gated entrance door. Follow the walk way over the pond to the two large back doors or walk all around to the front of the living area. The first impression in this house is that it offers you an overwhelming sensation of space with its high

wooden ceiling, light wall color, and split level between living and dining area.

The designer furniture comprises a large dining table, a relaxing area with day sofas and a TV sitting area complete with 2 sofas, a poof and a 44" projector TV with surround system.

The living room has modern yet very comfortable furnishings that give you a warm ambience due to the delicate combination of colors such as brown, grey, black and red, used for the fabrics and the unique Buddha panels or antique pots that complete the contrasted yet harmonious decoration. The final touch to the ambience is the floor tiled with refreshing crème marble.

On the left to the main entrance is the fully equipped kitchen and its preparation island. From there stairs lead you to the first bedroom, overlooking Koh Phangan and the swimming pool area. The bedroom is decorated with a contemporary style wooden bed, a large clothing cabinet and a TV/DVD set. Two steps down you enter the bathroom through a wooden door. With 2 sinks, a separate toilet, a rain shower and a bathtub with sea view, the room provides you the relaxing opportunity to enjoy the sea view.

Upstairs, to the right from the living room and overlooking the whole property and the sea view, is a first independent pavilion, hosting a second bedroom with its en-suite.

From the terrace in front of the living room you take the steps down towards the pool deck. Both left and right you will find separate pavilions hosting two more bedrooms. Both decorated in their own unique warm but modern style, completed with a large en-suite bathroom with separate shower, bath and toilet. The large sliding windows open to fully enjoy the sea view and breeze. The large infinity swimming pool is surrounded by a wide sandstone deck with large sun beds all around. The green tiles provide a smooth and pleasant transition between the light and natural color of the sandstone and the background greenery of the coconut plantation. Also treated as an entertainment area, the poolside features a Sala with kitchenette and BBQ, ideal for a casual luncheon or sundowners.

Last but not least, below the swimming pool infinity edge and accessed through stairs behind the Sala, lays another hidden gem of the Villa. A Finish sauna seating 4, exercise room and the fifth bedroom with its en-suite complete the facilities of this unique property on Koh Samui.

## Location

In Bophut area, northern coast of Koh Samui, 10 minutes drive from the airport and Chaweng.

## Facilities

• 10x6m infinity edge pool

[www.villagetaways.com/thailand/koh-samui-438.html](http://www.villagetaways.com/thailand/koh-samui-438.html)

• 44" TV satellite with DVD player and surround system

where the villa is situated. Bo Phut Beach is situated not far from the famous landmark of Big Buddha. Bo Phut Beach encompasses some two kilometers of white sandy shoreline fringed by coconut palms leaning over the sea. Walking along the beach will give a sense of calm and peace, with the water that seemingly stays in peace as well.

Bo Phut Beach is the popular spot for either playing in the seawater or just relaxing on the beach. Stretching along the main road you will find many small shops and restaurants. It is a good compromise between the super quiet places and the hustle and bustle of Chaweng Beach. Thus, Bo Phut Beach becomes one of the few beaches on Koh Samui where you can rent jet skis, as well as kayaks and snorkeling gear.

**Please inquire for Peak Season, and Christmas and New Year rates.**
